

Harrow Council Roundabout Sponsorship

General Information

How does it work?

- Each traffic site is exclusive to one company for a minimum 12 month period.
- Roundabouts will display a sign for each approach road leading towards the site.
- Flowerbed / Traffic Islands will display 2, 3 or 4 signs depending on the site.
- Boundary Signs (where available) will display 1 sign underneath the welcome message.
- Cost is payable either in full on invoice, or 12 interest free monthly instalments by direct debit.
- The price includes all artwork, manufacture and installation costs.
- Any damaged signs will be replaced free of charge.

What can I have on the signs?

- You may display your company name / logo, along with a short business message and contact details, including website address, location address and / or telephone number.
- You may display a different artwork design on each of the signs, allowing you to target each approach road with an alternative message / service if desired.
- All signs include a section across the bottom allocated to Harrow Council, which is a legal requirement.

What size are the signs?

- In the borough of Harrow, the permitted signage size is **1016mm x 508mm (40" x 20")** 914mm x 457mm (36" x 18"). **Welcome Sign Sizes 1753mm x 508mm (69" x 20").**
